

Result of Intelligence Test and Education Career Path Recommendations

Name: DM

Age: 18 Y

Gender: Female

Date of Testing: 11.05.2026

Place: Nagpur

DM's performance on the Standard Progressive Matrices (SPM) indicates strong non-verbal reasoning ability and above-average intellectual potential.

Interpretation of SPM Score

- **Total Score:** 53/60
- **Percentile:** 90th percentile
- **Classification:** "Definitely Above Average" / Grade II+

A 90th percentile means she performed better than approximately **90% of the population** in her age group.

Approximate IQ Range

Raven's Progressive Matrices mainly measures **fluid intelligence**, abstract reasoning, and pattern recognition. And percentile conversions generally place her,

- **90th percentile $\approx$ IQ 118–122**
- **High Average to Superior Intelligence**

Thus, DM most likely belongs to - **Upper 10% intellectual population**

Her pattern of scores also suggests:

- Good conceptual reasoning and learning ability,
- Strong analytical and medical-science aptitude,
- Slight weakness in rapid visual observation accuracy (Set B lower score), which may affect speeded exams rather than understanding itself.

NEET Context: A projected NEET score around 360 indicates: Better suitability for allied medical sciences, rehabilitation sciences, diagnostics, public health, or paramedical domains unless NEET improves significantly in re-attempt.

Best Suitable Career Direction for DM -

Based on: IQ range, SPM profile, Two years of NEET preparation, Likely endurance for biology-based learning and Need for stable employability and lower emotional burnout than MBBS

Best Fit Domains

1. Allied Health Sciences
2. Clinical Diagnostics
3. Physiotherapy & Rehabilitation
4. Psychology & Neuro-rehabilitation
5. Medical Imaging / Radiology
6. Public Health & Healthcare Administration
7. Nursing Sciences (if caregiving orientation is high)

Best Recommended Courses Near RTM Nagpur University:

1. Bachelor of Physiotherapy (BPT) — BEST OVERALL

Why most suitable -

- Excellent blend of biology + reasoning + patient interaction
- Strong employability in India and abroad
- Lower stress than MBBS
- Suitable for analytical but empathetic students
- Rising demand in sports, medicine, neuro-science, rehabilitation, orthopedics etc.

Career Scope -

- Hospitals
- Rehabilitation centers
- Sports clinics
- Neuro-rehabilitation
- Private practice
- International opportunities

Admission: Through NEET or state counseling pathways depending on institution and government policy.

2. B.Sc. Medical Laboratory Technology (BMLT)

Strongly Suitable -

Her Raven profile suggests good pattern analysis ability, which fits:

- pathology
- diagnostics
- microbiology
- lab sciences

Advantages -

- High employability
- Less competition than MBBS
- Stable healthcare sector demand

3. B.Sc. Radiology & Imaging Technology

Good match for analytical visual reasoning - Especially suitable because:

- Requires interpretation skills
- Uses technology + medicine combination
- High demand in diagnostics

4. Psychology + Clinical Counseling

Given her abstract reasoning ability and likely emotional resilience after repeated NEET attempts, psychology can become an excellent long-term profession.

Possible route:

- BA/BSc Psychology
- MA Clinical Psychology
- Rehabilitation counseling
- Neuropsychology

MBBS Possibility Analysis:

A NEET score around 360 generally makes:

- Government MBBS difficult in Maharashtra open category
- Possible private/ deemed pathways
- Better chances in BAMS/BHMS/BUMS or allied medical sciences

If she emotionally still wants “doctor identity,” then:

- **BAMS** is the most practical alternative
- Followed by specialization in lifestyle medicine, Panchakarma, dermatology, or counseling

Recommended Final Priority Order

Priority	Course	Suitability
1	BPT (Physiotherapy)	Excellent
2	B.Sc. Radiology & Imaging	Excellent
3	BMLT	Very Good
4	BAMS	Good
5	Psychology	Good long-term

Admission Process (Nagpur Region / RTMNU Affiliated): Official RTMNU Admission Portal

General Process

1. Register online
2. Upload documents
3. NEET / CET score submission
4. Merit list
5. CAP counselling
6. Seat allotment
7. College confirmation

Good Medical & Allied Institutions in Nagpur Region

- Rashtrasant Tukadoji Maharaj Nagpur University
- Government Medical College Nagpur
- AIIMS Nagpur
- NKP Salve Institute of Medical Sciences

Government and medical college admissions are primarily through NEET-based counselling.

Final Psychological Opinion -

DM does not appear intellectually weak at all. Her Raven profile indicates:

- Above-average reasoning
- Strong learning potential
- Ability to succeed in professional healthcare education

Her current challenge is more likely:

- Competitive exam pressure
- Speed-performance inconsistency
- Emotional exhaustion after repeated NEET attempts

With proper career alignment, she can perform very well in healthcare sciences and establish a respected professional identity.
